MEMORANDUM FOR: Deputy Director for Science and Technology
FROM: Director of Central Intelligence
SUBJECT: Security Presentation to the NSC

1. I would like you to plan a presentation to the NSC on security. I would like to include something on the story of the Moscow Embassy, a little bit about surveillance and treatment of American personnel in Moscow, perhaps a little bit about computers and about twenty minutes on what our leaks are doing to us. About ten minutes would be devoted to the film we have on leaks.

25X1

2. Would you figure out how we might handle this in an hour's timeframe, which might even be extended to an hour and a half.

William J. Casey
